T-BOLT CLAMPS

Now SPECIALTY can supply you with the ever so popular "T-Bolt clamp". Manufactured from 300 series stainless steel, they include rounded band edges. By providing strength, durability and resistance to corrosion, "T-Bolt clamps" are your answer for endless medium to heavy duty applications, including race car chassis clamping. Clamp band is .750 wide. Sizes listed below are the nominal diameter.

T-Bolt Clamps:		
Part#	Size	Qty Per Pack
9000	1-3/8"	2
9002	1-1/2"	2
9004	1-5/8"	2
9008	2"	2

FUEL PUMP BLOCK-OFF PLATE KITS

These plates are used to cover the hole left when the mechanical fuel pump is no longer used. SPECIALTY plate kits include the gasket, 12 Point bolts and AN washers. Offered in either Zinc II plated (yellow) or brilliant chrome plated.

Fuel Pump Block-Off Plate Kits:	
Part#	Application
Zinc II Plated (Yellow)	
8000	Chevrolet Small Block
8001	Chevrolet Big Block
Chrome Plated	
8000C	Chevrolet Small Block
8001C	Chevrolet Big Block
